Both Parent and Student Signatures must be provided on the last page of the document.

Rosman High School Policy

All vehicles parked on school grounds must be registered with the Principal or his designee, and must display a valid parking permit. You are to park only in the lot designated on the permit. Parking permits may be purchased for $20.00 per year to be paid in full at the beginning of the year.

Parking for students is limited to certain sections of the campus. Available parking spaces will be assigned to seniors on a first-come, first-serve basis. Remaining spaces will be assigned to juniors. If spaces are available, sophomores will be considered next, followed by freshmen. Only assigned vehicles may be parked in the designated lot.

Parking fines/tickets will be assessed for violations, including, but not limited to: (1) not having a valid permit, (2) parking in the wrong lot, (3) parking in a nondesignated area, (4) reckless driving, (5) going to vehicle without permission during the school day, and, (6) continued disregard for the parking rules and regulations.

Students need to understand that parking on school property is a privilege. The first ticket includes a $5.00 fine, the second ticket includes a $10.00 fine, and the third ticket involves loss of parking privileges for the remainder of the school year. Parking privileges will be temporarily revoked until assessed fines are paid. Students who have their parking privilege permanently revoked will not receive a refund.

Also, the principal or his designee shall have the authority to remove and/or suspend/revoke driving and parking privileges as a result of the following violations:

• Excessive tardies, absences, and/or truancy.

• Violations of the Transylvania County or Rosman High School Discipline Code.

• Inadequate Academic Performance

The school has the authority to search students’ vehicles on school grounds if there is suspicion of alcohol, drugs, stolen items, or as part of an arrest for violating the law.
Students, who drive vehicles to school, park at their own risk and need to understand that the school or the Board of Education cannot be held responsible for the vehicle. A student is not to be in the parking lot during the school day unless he/she has permission from the office or has an early dismissal.

**BOE Drug Testing Policy for Permit Holders (JHB)**

The Transylvania County Board of Education recognizes the importance and special need of maintaining a drug-free environment at all Transylvania County Schools. To that end, the Board believes it is necessary to support its students by maintaining a drug-free and safe atmosphere. Further, the Board believes drug testing is an effective way to deter students from using illegal drugs and to provide counseling and training to students who are using illegal drugs.

All students participating in a competitive extra-curricular activity at the middle schools and high schools and/or students issued high school parking permits will be subject to random and suspicionless drug testing. Students participating in extra-curricular activities will be subject to random drug testing during the competitive/sports season in which they participate in the activity. Students having high school parking permits will be subject to random drug testing throughout the school year. The test shall detect illegal drugs and other controlled substances in which it is illegal for a student to possess or consume.

Students will be allowed to indicate the prescription drugs that they are taking under the care of a physician. A student will not be suspended from the competitive extracurricular activity nor have his/her parking privileges suspended for taking a drug prescribed to him/her by a medical doctor, and taken as directed.

**I have read, understand, and will abide by all policies and regulations above:**
